- 2-way, bookshelf bass reflex speaker
- 4-inch HCC woofer
- 1-inch DTT/WaveGuide tweeter

C 601

Whether you are looking for the ideal cinematic or the perfect musical experience, the C 601 loud-speaker offers real value and premium audio technology. It is a 2-way bass reflex bookshelf speaker equipped with one 4-inch woofer and one 1-inch DTT tweeter with WaveGuide. Decoupled Tweeter Technology (DTT) reduces vibration to keep high frequencies clear and accurate and WaveGuide is for increased sound control to maximize speaker placement.

The C 601 has an incredible bass response for its size, making it a great choice for use as a stereo speaker or as a front/surround speaker in your home cinema system. The C 601 excels at reproducing stereo music and soundtracks, both with or without a subwoofer in the mix. The C 601 can be placed on floor stands, on a bookshelf or mounted directly on the wall, using its wall-brackets.

Specifications

System Type	2-way bass reflex
Woofer (mm/in)	102 / 4
Tweeter (mm/in)	25 / 1 DTT
Power (W, long/short term)	100 / 140
