Since 1968, Supravox have made acoustics loudspeakers which integrated drive units of the brand. Today, Supravox propose a large range models of loudspeakers which grants to audiophiles to benefice a legendary sound quality of the brand in a high quality in traditional wooden cabinet.

Thanks to a long work about drive units, Supravox's engineers designed the majority of their loudspeakers without filtering which is the best way to optimize a exceptional sound reproduction and natural restitution.

This TQWT (Tapered Quarter Wave Tube) enclosure is a full range enclosure equipped with a 215-2000.

With the efficiency of the 215-2000, it makes it possible to used with valve amplifiers of little power (2A3, mono triod).

We find all qualities of the 215 Signature with more dynamics and better linearity in high medium due to the absence of bi-cone.

SPECIFICATIONS

Bandwidth: 55Hz-18KHz

Efficiency: 99dB

Power: 20W

Impedance: 4Ω

Number of ways: 1

Enclosure type: TQWT

Drive units

215-2000 – 21cm

Connectors

A Drive unit's terminal pair
compatible banana or fork.

Finishing: Walnut
