

ZELIA Loudspeaker – 150 W / 96 dB

Highlights

- ✓ Musicality
- ✓ High efficiency
- ✓ Open baffle
- ✓ Large bandwidth

SUPRAVOX®

Packing

1* 620 x 1170 x 255 mm

66 kg each

Since 1968, Supravox develop loudspeakers around their own drivers.

Today, Supravox offers a large range of speakers, allowing audiophiles to enjoy the legendary sonic qualities of the brand through traditionnal, high grade wooden finish, products.

Thanks to decades of fullrange drivers conception, Supravox engineers design most of their loudspeakers without filter, which is the best solution to obtain an exceptionnaly natural sonic fidelity.

Zelia is the top of the range of Supravox loudspeakers line.

The original concept is simple : use the midrange on the largest possible frequency range, add the best of bass and tweeter drivers to extend its bandwidth, load them on open baffle to keep their expressiveness and avoid any boxe sound.

The production goes through the design of specifics drivers.

An overpowered midrange using our Supravox 165 full paper cone. Two 285 GF using strengthened exponential paper cone, with a three roll clothe surround allowing large displacements, their optimized parameters give us a low bass range even on open baffle. These drivers are matched with our TG1/4 upon 3 kHz, its crystal clear, yet dynamic, highs are astonishing.

We refined the 3 ways filter in 2018, with a quasi-optimal second order Linkwitz-Riley implementation.

TECHNICAL DATAS

Bandwidth: 40Hz-23KHz

Sensitivity: 96dB/2,83V/1m

Power: 150W

Impedance: 4Ω

Ways: 3

Acoustical load: open baffle

Drivers:

2* 285 GF

1* 165 MF

1* TG1/4

Filter:

300-3000Hz Linkwitz-Riley

2^d order (12dB./octave)

Post:

Bi-wiring Bass/midrange-
High.

Compatible with banana and
raw cable.

Finish:

Rosewood

Black lacquer
