GIYA G4 SERIES 2

The G4 packs all the unique features of the Giya principles into an enclosure just 1m in height. It embodies all the essential features without compromise and delivers a result that is completely worthy of carrying the name of Giya.

GIYA G4 SERIES 2

A MASTERPIECE RESIZED

Despite its modest dimensions, the GIYA G4 is a true four-way loudspeaker, with five drivers all designed and made entirely in-house. The C100S low mid-range and twin C125L bass drivers are specially designed to produce the maximum output from their compact cones and chassis. The G4 produces the same incredibly tight, articulate bass, free from distortion and blurring, as the other GIYA models – and so effortlessly and naturally that you can listen for as long as you like without fatigue.

High and mid frequencies are handled by the same D26 and D50 drivers, with our patented Tapered Tube loading, as the rest of the GIYA family.

Specification

Configuration	4-way, 5 driver
Cabinet material	Glass reinforced balsa cored sandwich composite, carbon fibre base
Cabinet colour	Piano Black, Pearl White, Oyster Matte
Bespoke cabinet colour	Bespoke colour options available on request
Drive units	HF: D26 – 1" metal dome unit with Tapered Tube loading
	Mid: D50 – 2" metal dome unit with Tapered Tube loading
	Lower-mid: C100s - 4" metal cone unit (equivalent to 6" driver) with Tapered Tube loading
	Bass: C125L – 2 x 7.5" alloy cone units with short-coil long-gap motor design
Bass loading	Exponentially tapered tube enhanced bass reflex
Sensitivity	86 dB @ 2.83 VRMS at 3.3' on axis
Nominal impedance (Ω)	6 nominal, 4 minimum, low reactance
Frequency range (Hz)	-6 dB points: 36 – 36.000
First D26 Break Up mode (Hz)	44.000
Frequency response (Hz)	39 – 33,000 +/- 2 dB on reference
Harmonic distortion (2nd and 3rd harmonics)	< 0.5% over frequency range
Cross over frequencies (Hz)	250 - 1,000 - 4,000
Power handling (music program)	400 watts rms
Loudspeaker dimensions	39,8" (H) x 11,8" (W) x 18,1" (D)
Net weight	56 lbs (internal crossover) - 46,3 lbs (external crossover)
